Legislature of Massachusetts. HOUSE OF REPRESENTATIVES.

MEDNESDAY, Jone 8.

A Committee of both Houses, was this they appointed, to consider at what time the General Court

A t. d. to confider at what time the General Cours may have a receft, and report.

The Honfe proceeded according to alligoment to the choice of a Major General, for the first Division of Millitia, of this Commonwealth, by bellot, and EBENEZER THAYER, jun. Efq. was chofen.

EBENEZER THAYER, jun. Efq. was chofen.
Sent up for concurrance.
A Bill-to repeal certain laws of this Commonwealth, respecting duties on licences, on wheel carriages, and duties on certain pienes, commissions, indicaments, and pinceffe, was read a third time.—Negatived.

ORDERED, That Mr. Wedgerg, Mr. Bigelow Mr. Jarris, Mr. Figgs and Mr. Cardiner, be a Commission of the facility duty - to confider the mode of collecting the same, and what alterations may be necessary therein; also to confider when the cream of the same and what alterations may be necessary therein; also to confider when the cream of the same and what alterations may be necessary therein; also to confider when the cream of the same and the same and the confider when the confider when the property of the same property of the same

day. Mr. Mason, jun. confessed himself perfectly fatis Mr. Maloo, jun. contend mment percent lating the with the principles or which the Bankrupt Act was predicated—but had many objections to the prefeast act, for the infufficiency of its provisions. He tho't the prefeast feffion would be too fhort to get through both branches, and therefore moved it thould be deferred to the next Settinos.

This motion was warmly opposed in many rery powers that the present its public the unnecessarily the present in which the unnecessarily the present in the present i

I ms motion was a series of the principles of the bill were very thoroughly canvaffed. We should very readily give a comprehenire kerch of this debate, but the late hour at which the House adjourn-

ed, precludes our withes.

Mr. Gardiner who was in favor of the reference

withed the bill might be printed.

The speakers on the subject were Meltis. Jarous, Parjons, Secual, Joses (B. Humpfon, Slexim, Thatcher, Fefenden, Hickborn, Clarks, Tador, Sharilif, Wedgery, affir, and others.

The Bill was recommended for amendment.

The Bill for creeting a College in the Diffrist of Maine, was read a fecond time and committed for a-FRIDAY, June 11.

FRIDAY, June 11.

Mr. Gardiner moved for a committee to confider the propriety find julies of graning a traft of subcated land in the Entern part of the Commonwealth, to fuch prefions as were officers and foldiers of this State for three years, or more, during the war, in the

continental army.

Mr. Slocom opposed the rating facts a committe at this tax bour of the fedical. The motion, however, prevailed, and Mess. Raymond, Eastis & Gardiner,

prevailed, and security Asymmon, family or Cardiner, were proported a committee.

Mr. Gardiner, member from Persaalborsuph, arole, and announced to the Houle, that "on Tucflay next at Ten ticlock, Ar. M. he intended to move to call up the Pailion of the Portland Convention, now upon the Files of the Houle, and to request the confeat of the Houle and its other Branch of the Legislature of MASSACHUSE TTS, that the Didnict of MAINE, who he permitted to freezate from this Commonwealth. may be permitted to feperate from this Commonwealth, and become a diffuel, fovereign, and independent

Stree."
An engrowd bill for the preferration and encourage, ment of the Far Trade within this Commonwealth. Read and part at be enacted.
The Petition, for the town of Concord to be eliablified as the ShireTown for the County of Middlefer. Read and commuted to Mr. Foller, Mr. Bigelow, and Mr. Thatthet.

SATURDAY, June 17.

SATURDAY, June 11.

The Houle proceeds to the confideration of the report of the committee appointed to afcertain, the amount of the Excite Dutter, and to confider the mode of collecting the fame, &c. and after delate the question was put, Whether the Houle would accept of the fame 2. Which was determined in the negative. The faid Report was then recommitted, and the committee influented to bring in a bill providing a proper mode

infractied to bring in a feat daties.

for collecting the prefeat daties.

That is The committee on the Petition of the Clerks of the property Julies and the property of the committee of the was their opinion, that shift should be brought in for granting a balry to faid Clerks.

Adjustment.—

LONDON, April 15.

The project of driving the "Inste out of Europe, which has been been abandoned by the feveral potentiates of the North, is now nost undoubtedly reloved upon by the Imperial Catharine. Her late forces have resported the finall bounds which polinical prudence had formerly objected to her ambition. That e-flabilithment of a great naval force, which can "slone rive Rusin her due influence in the flat of European polinicit; and on which the European during the whole of her reign ins from this confidention been for nationally the state of the state of the polinicity, and on which the European been for national the state of the state o

obvious. We shall have already to combat, in that element, the dominion of which it, has for many againess the pride of England to arrogate to iffelf. Boundleft in the refource, particularly in those which are succeeded with great first,—they were in the fair its refource, and cancellarly to make which they attacked with great first,—they were in the fair its refource, and cancel contained and there were when the contained of t ceffary to maral strains. Rusha, at once the obtains a fair footing, will an about time rake the fead of all the European powers. Even improfing that by long ar-tained (aperioris), we fooded at first beable to copy with a newly reliabilished and unexperienced, mary, like the Hydra, sheet after sheet will liftee from the various point of that wast. Empire, and eventually overwhelm the ex-hausted force of its inferior advertaries. Lake an imments whirlood, Ruffia will by degrees (wallow up e-very neighbouring flate, till it becomes, what in facnt Empress aims at rendering it, the fole in-

the prefest Emptris sims as rendering in the prefest Emptris sims as rendering in the dependent maritime flate in Europe.

DUBLIN, April 14.

The people of this city are much alarmed, in confequence of the epidemic freet which rages in the country of Wersford, we will not call it plage, though there are fome circumstances related which make in fear it is a deferiorities.

of that horrid description.

One is, that it was communicated to this part of the of that horrid description.

One is, that it was communicated to this pair of the constry, Poulite's mill, a featorit, when it find appeared by a refind which was drave in there a wreck, a thort time ago, without a fool on band, which weifel the people festered and made a property of here carp, it was amongst herfe particular people the contagion fift appeared, and as the weifel was fuppoind to come from Smyras, we fear it is the dreadful infection to peculiar to the Eastern countries.

By feveral people who arrived from Wexford, within these two days, we hear it is increasing, and that almost newer house in the barrow of Forth, to which it is as yet consined, the melancholy spectacle of sour or fire dead bodies may be feen at one time.

A Mr. Horeis come up to Dublin won that part of the country, who less five of his fevants by this direful contagion.

Was preaching a fermion, when intrelligence was

Was preaching a fermion, when initelligence was brought in, that a wreck had happened, and it was in thefe days when a general plouderwas thought right. He heard different parts of the Congregation withpering to each other, and all appeared realy to san out of the Charch, while thoir who were marefit the door

the Charch, while thofa who wofe nearth the door were finding out, one by one.

"Brethren—my dear Brethren!" cried the Curste,
"One thing only have I to recommend so your feature strention—and I bey you will treature it up in your heatte! Kerp the Holy Scripture ever in your mind, & now—let us flart fair! "On which he whipt down from the polyit, and fet off with the reft of the Congression to the congression of the congression

from the pulpit, and fet off with the reft of the Congre-gation.

The alarm of war, and its expensive prepara-tion, may found (west to ministerial eart) as they afford muple feore for the extention of in-fluence, and for widespread speculation not easily de-tected.—But far differently do they tilizate on the ea-or of the secretain and this trader, whole property they shake and render infector, and on that of the People, who are not leaded with accommodated starts for the who are to be leaded with secondard trace reople, who are to be leaded with secondard trace for the fautafes of fatefunce who tall themfelves politicians, and for the preferration of an ideal balance, lefs operand for the preferration of an ideal balance, lefs operative than the confellation of that name in the thica. A finited heopie will indical have every dringer and encounter all difficulties, when the rights of the countries of the conferration of the minister who hooks for it, however vanishing, will be deceived; and however during will be diffusionable.

surked; in hands in fight a carefe they will have buy one beart and hand. Yet to expect fach an effect, from the purfact is problematical plans and questionable medicars, furtly exceeds even the credulity of supertition. The minister who looks for it, however vanishing, will be deceived; and however daring will be disapposated.

By the preparations which are now making for war, we may born for the fame bayey conference which are now making for war, we may born for the fame bayey conference which are now making for war, we may born for the fame bayey conference which is the dispart with Sprin, when the remainst signify was tapported by the hamilistion of our exames, without the facilities of British tabject. It is alleided, by Railov politicians, that Repland's iteraty with forfin is but defensive—and at the sum of the sum of

steves capable of taking every hast they might fall in with-In a little time at fectoral boat hove in fight, which they attacked with great first—they were in three cances, each cance contained alone twenty—they moved rowards the boat, as it came, down, and can menced fightly, after difcharging shear, gow, they returned, Insided and came our at count time, first had returned as before—this mode of fighting they repeat of nine different times, as often as they came on the direct was a brift faring kept up from the boat, which converse a brift faring kept up from the boat, which converse as brift faring kept up from the boat, which converse the little of the confidence of the contrained nine fighting non-during the condict two services are the boat, and prevent the Indians from brancing it, which every appearance of their conduct painty indicated—their two brave fellows extend themselved in a precilier manner—on near approach of the enemy. in a peculiar manner on near sproach of the enemy, they threw billers of word at them, and one of them they threw billers of wared at them, and one of them took up an ax, ax a weapon of defence, flouid hisyperifit in boarding, which the Indian perceiving; and as is fopported, their amunition being expended, their internated, without accomplishing their object. Their inhuman mentiors, previous to their attacking the list indianan mentiors, previous to their attacking the list in their attacking the list in the control of their cauces, in which stances they were both their cauces. The control of their cauces, in which stances they were both their cauces their cauches the transfer their cauches. front of their canoes, in which fitnation they were both killed. A few days after this transfation, they find at another boat, and killed one young man—in thor, every boat that has gone down the river kirely, has been fired at, exceptions; we faw no Indiana: the ces where the above depredations happened we palled in

the night."

Two grulemen arrived here from Kentucky, selste, that General Scott, with 1500 cholen militia, had marched from Fort Walhington, previous to their de-

parture.

Recent accounts from Monongahela, county, faze, a final party of Maraeding Indians have laiely number, ed one or two perfout, and counsisted fone other depredations in a fettlement called Backstone, in that

SHEPHERD'S TOWN, May 11.

SHEPHERD'S-TOWN, May 31.

Capy of a letter from Racow Creek, of a late to the Frinter berry!

"We have met with a modificacte firme, the drages. A great number of our frenchs and connections are mundered, and their property carried off—We who are yet a dire, are crouded into mall, form, uncomfortably lodged in wet and dire, and there is not clear ground around the fort, fufficient to rate based for our children—for this tradin many are moving to the old furtherman over, the mountains—and ferent the old ferriences over the mountains and ferrit hundreds have it in contemplation, as foon as they can fafely pass down the river, to move to the Spanish terrirely paradown me little in peace, and have their in-refi more attended to.

"When the general government has displayed shift-

ties fafficient to fettle the grand object of finance, and effablish the credit of the United States, to the abaira-tion of nations, and to the univerfal approbation of the people of the United States, it is allouding that they thould have failed in that eafy part of government, the

orateGios of the frantiers.
"The country is rendered defolate by taking the "The country is rendered defolate by thing the government out of the hands of the people.—The practical ple of Kennicky protected the country and defonded the releves against the British joined by the Canadian and Indians—now we are pethred with preferential which than the frints of the people.—It would be well if the Gentlemen who live you miles out of danger would confider that protection and allegiance are matable."

ELIZABETH TOWN, (M.) June 1.

tiln Packet having touched ar that Illand to par fome leiters on floors, which contained accounts of a deet if twenty flips of the line having failed for the Michaelman, in order to afford relief to the Illand's and it was five general opinion, that feveral European nations would be immediately myolwed in the war.

We are informed that the Prefident of the United States experied at Mosime Verman, from his fourther tout, about the 12th loff this mounts, and that he would immediately proceed to Philadelphia, for that he may be expected in this City about that 25th inflate.

We berr, that in April Isla after the full of the Moon, a wind forming per growth.

the wind springing up from the Kaff, canfed the ride feet higher than ultial; and drove a vali quantry of riogi out of filouni's cre it into the low grounds. I he wind fuldenly thirting, forced back the ride, and left them in fuch numbers, that a patrification took place, which obliged the inhabitants for foreral miles round, POUCHKEEPSIE, June 1.

POUGHKEPSIE, June 2.

The Showers we had in this neighbourhood, in the afternoon and evening of Mynday lall, especially the laner, are accompanied with more lightning than of all. We hear that the barn of Mr. Gronge Pearfall in Clinton, was fet on here by the lightning in the afternoon and the herm of Mr. Robert Churchill of the control of the contr this men, containing a confiderable quantity of Wheat)

of Phillip Auguine of Wathington, and of Daniel
Beale, of Beckman, were likewife contained by the Belle, of Bechman, were likewise continued by the fane means in the evening. It is fand that three other learns were barne by lightning the fane weening and the roof of a houle —but we have, not heard white

they were. PROVIDENCE, June 9. Y. R. O. V. I. D. R. N. C. L. June 3.

Sonday laft artived at her moonings in the river, the India Ship, Gen. Walkington, Capr Jonathan Donnifon, of this port, with a valuable range of the productions and manufactured the Enf. from Canona, Laft from St. Enfants; the made her paffage from Caucon to St. Enfants; the made her paffage from Caucon to St. Enfants in 114 days, and in 40 days from the laft mentioned our home.
